Experience

Owner / Software Engineering Subcontractor   2015 - Present
NWRE Development LLC - Kailua, HI
- Provides quality software engineering solutions to small businesses and start-up companies in the most time-efficient manner.

Assistant Instructor   2015 - Present
DevLeague LLC - Manoa, HI
- Develops curriculum materials, course exercises and slide decks for JavaScript programming topic.
- Provides one-on-one study sessions with students who are having trouble understanding the fundamentals and/or technicalities of web development.
- Presents and teaches new technology topics to students involving live coding as they follow along.

Junior Software Developer(Subcontractor)   2015 - 2016
Sudokrew Solutions LLC - Manoa, HI
- Prepared status evaluation and feedback as part of our daily scrum on a team of seven.
- Collaborated with in-house engineers on new products, such as Nest-Egg Guru(financial services application) and RevoluSun(internal customer pricing and estimate application).
- Developed application features using Node.js, React, Redux, Webpack and Amazon Web Services.

Junior Developer   2015
Goma Games LLC - Manoa, HI
- Collaborated with an internationally remote team on the REST API written in Ruby on Rails.
- Contributed useful features to the API and debugged existing problems or performance issues of the codebase.
- Configured scalable server infrastructure to maximize performance, speed and processability of 745,000 event records from 20+ different data sources.

Education

Graduate - Web Development Immersive   2014
General Assembly - Hong Kong, China
